ORGANIZATION OF C. M. THOMAS CLUB EFFECTED HERE.

Friends of Bourbon County
Meet Saturday and Per-
fect Organization.

VERY ENTHUSIASTIC
MEETING HELD.

List of Workers Appointed
For the Twenty Voting
Precincts in County.

The organization of a "Claude M. Thomas Club," for the purpose of furthering the interests of Bourbon County's Congressional candidate in the race for the Democratic nomination, was effected in the County Court room, in the court house, Saturday afternoon.

The meeting was called to order by Temporary Chairman John T. Collins, with Bruce Miller and Swift Champ as Secretaries. These were later made permanent officials.

Chairman Collins, after briefly stating the object of the meeting urged a thorough organization of the county in Mr. Thomas' interest.

A committee composed of R. B. Hutchcraft, Jr., A. S. Thompson, Jno. T. Hinton and the chairman, was appointed to name a committee in each of the twenty voting places in the county to thoroughly canvass the vote and make personal appeals to the voters.

The committee reported the following list of names for workers in the twenty precincts, which was accepted:

CANNERS' ASSOCIATION INVESTIGATES HUGHES CASES HERE.

The National Canner's Association has made an investigation of the poisoning of the Hughes family at Paris, and in its report states that the family was the victim of impure cistern water or arsenical poisoning, and was not made by canned salmon, as was reported.

A synopsis of the investigation by the Canner's Bureau reads as follows: From Mrs. Zaidoe Hughes it was learned that on June 3 she had used one can of salmon in preparing the noon lunch. All the members of the family had eaten of it except Charles L. Hughes, Jr., a baby about thirteen months old, who had been sick for about two weeks.

On June 6, in preparing some of the regular medicine the doctor had left for the baby, she had used water from the cistern in the yard, but prior to this time had used hydrant water in preparing the medicine. Half hour afterward she noticed a change in him, called the doctor, but the child died shortly after his arrival. The baby had not partaken of canned salmon or any other canned food. While the canned salmon had been eaten on June 3, no member of the family was taken sick until June 5 and prior to their illness all of the family had drank of the water from the cistern.

The son, Llewellyn, on returning from his work on June 5, said he had had a headache during the day. He did not make any complaint during the next day, but on the following day she noticed that he drank frequently of the cistern water and was not well. She gave him a dose of salts which he said made him sick in a short time. The doctor called at 11 o'clock that night and he died on June 9. The other son, Raleigh, who was taken sick on June 5 had gone to the cistern in the yard and drank a glass of water from it just before he was attacked. Water from the cistern was used in watering a fern, and shortly after it began to die.

Mr. Hughes, his daughter and mother were interviewed and each stated that in their opinions the illnesses were due to the cistern water.

On examining the cistern it was found that there was a scum on the water, a large number of black bugs and a much larger number of what are called "sow bugs" floating on top.

Dr. J. L. Rankin, the attending physician said in a signed statement that his diagnosis of the illnesses was arsenical poisoning, not ptomaine poisoning, and was not caused by canned foods. He further stated that he was absolutely sure of his diagnosis, although an examination of some of the water from the cistern which had been made at Lexington did not show any arsenic present.

CARD OF THANKS.

The undersigned desires to express his thanks to the firemen, both regular and volunteer, for their excellent work, on Sunday afternoon, in saving his residence, which, while almost wrapped in flames, from the burning stable, looked impossible to save. But for their prompt and splendid work, all would have been lost.

W. H. WHITLEY.

Kiser, John Johnson and Steele Marsh.

The meeting was very enthusiastic and the members of the club are determined to make every effort for the nomination and election of Mr. Thomas. Bourbon County has not had a representative in Congress for fifty years, since the days of Hon. Brutus Clay, and Senator Thomas' friends say it is time for her to honor herself by electing this worth son of Bourbon to the position. Upon motion the club stood adjourned subject to the call of the chairman.

GAINING ALL THE TIME.

Mr. Beckham seems to be gaining strength very rapidly, and it looks now like the Democrats throughout the State are more universally for him than ever before.

It seems the people are determined that he shall finally come into his own, which he should have done when Mr. Bradley was elected to the United States Senate.—[Mayfield Messenger.]

BECKHAM SWEEPS FIELD.

PADUCAH, June 29.—Gov. McCreary conferred with Paducah political leaders on his way through here from Murray. The Governor has no organized campaign here and no hope was held out for his success in McCracken County, where the Beckham forces are conceded to have a clean sweep of the field. The Governor did not meet with much encouragement at Murray, either. Men in a position to know estimate that Calloway Coffey will give Beckham more than McCreary and Stanley put together.

BECKHAM IN MONTGOMERY.

MT. STERLING, KY., June 28.—Ex-Governor Beckham delivered his first speech of the present campaign in this city yesterday afternoon at the court house before a large crowd of voters from this and adjoining counties. The address of Governor Beckham was along the lines of his former addresses over the State.

He said he felt confident of success in the August primary. Governor Beckham paid his respects to Congressman Stanley and scored the Congressman for his alleged inconsistency and for reckless statements in his campaign speeches. The Beckham followers were highly pleased at the reception given their favorite.

TWO RIDERS INJURED IN MOTORCYCLE CRASH

Jos. Farmer Seriously Injured
and John Fitzgerald Se-
verely Bruised.

VEHICLE SHAFT
PUNCTURES LUNG.

Farmer Sustains Three Bro-
ken Ribs and Is Taken
To Hospital.

A frightened horse, a driver's carelessness in leaving the animal unhitched on a public street, and a flying motorcycle, were prominent factors Sunday night, in an accident that may result fatally for Joseph Farmer, a well-known young telegraph operator in the L. & N. dispatcher's office at Paris.

Young Farmer, with a companion, John Fitzgerald, riding behind him, was coasting down the incline from Main Street, and when a short distance from Porter & Spencer's saloon, a horse attached to a break cart, standing near the curb, became frightened and swerved across the street just as the flying motorcycle came near. Unable to stop the machine it crashed into the horse, the tongue of the cart striking him in the chest. Three ribs were broken and the lung punctured, and other internal injuries probably sustained. Fitzgerald sustained a sprained wrist and several bruises. Both men were rendered unconscious for several minutes.

They were picked up by bystanders who witnessed the accident, and hurried to the office of Drs. Fithian & Daugherty, where, after an examination of "first aid to the injured," Farmer was taken to the Massie Memorial Hospital. Fitzgerald was able to return home.

Mr. Farmer, with his mother, resides on Scott Avenue, is a brother of Mrs. J. W. Bramlette, of this city. At the hospital it was stated that Farmer was resting comfortably and would probably recover.

SELLING CHEAP.

If you think we are not going to sell things cheap until July 1, just come in and price what you want.

BASE BALL.

SUNDAY GAMES.

Lexington took both of the double-header games at Lexington Sunday by the scores of 10 to 6 and 5 to 3.

MONDAY.

Paris took the Colts into camp yesterday by the score of 6 to 2.

Paris plays Charleston here to-day. Yesterday's game was largely won through the splendid work of Earl Curtis, of Paris, who was in the box for the Paris team. Curtis pitched a splendid game, the pennant-aspiring Colts getting only four hits off of his delivery. With the rest of the pitching staff as classy as Curtis the Paris team would be enabled to make a better showing.

INCREASED L. & N. BUSINESS

NECESSITATES LARGE FORCE

As proof that Paris has become an important railroad center, and that the business of the Louisville & Nashville Railroad Company has largely increased since the double tracking of the road has been completed, it was stated Friday by local officials of the road that more trains passed through Paris Thursday and Friday night than were ever known to pass here within the same length of time. There was such a congestion of cars in the yards that it was necessary to call out three extra forces of trainmen to relieve the situation.

CLOSING EXERCISES OF THE EPWORTH LEAGUE HELD FRIDAY

The Fifth Annual Assembly of the Kentucky Conference Epworth League came to a close last Friday at 12 o'clock, after a most successful session.

The prayer services conducted each morning at 6 o'clock, by Rev. J. O. A. Vaughn, were well attended. Dr. Vaughn held the last service Friday morning. Conference convened at 8:30 o'clock and almost all the morning session was taken up with business, hearing of reports and discussions of plans for future work.

Miss Julia Crutchfield, of Jenkins, Ky., gave an excellent talk on "Missionary Training Schools," and presented her plan to conduct a kindergarten at Jenkins during the coming year. A motion carried that \$100 be given by the Conference towards the support of this work.

Rev. T. W. Watts, Chairman of the Committee on Reports, presented his report which recommended that the Conference adopt certain reports to be used by the individual Chapters. Owing to the fact that the reports of the Chapters presented this year were not made uniform made it impossible to award the Banner. The Leagues of Cynthia and Scott Street, Covington, tied, both securing 5 points, but, as a compliment to the Paris Epworth League, the Banner will be allowed to adorn the walls of the Paris League room until next Conference, when a correct comparison could be made between the reports of the various League Chapters.

Rev. Watts also presented the report of the Committee on the Constitution, which offered several slight changes in the Constitution adopted by the General Conference which met in Oklahoma City last month. After considerable discussion the report was adopted. Miss Julia Crutchfield offered a report on Missions which was accepted. A report was read by Mr. Dennis Snapp on Sabbath Observance and Temperance, which was adopted.

The Conference voted to support the African Mission and \$600 was pledged to that field by the delegates for their respective Chapters in shares of \$10 each.

The Secretary read an invitation sent from the Richmond Epworth League inviting Conference to meet in that city in 1915. The invitation was accepted.

The Committee on Nominations presented their report, nominating the following, which were elected:

President—Rev. J. B. Harris, of Covington.

Secretary—Rev. O. B. Crockett, of Nicholasville.

Treasurer—Mr. G. P. Fisher, of Millersburg.

Epworth Era Agent—Mr. W. N. Collins, of Danville.

Junior Superintendent—Mrs. J. Wood Hudson.

The Constitution was amended by the Conference which provided that the District Secretaries be appointed by the President of the Conference in-

GEORGETOWN COUNCILMEN ENJOINED IN BOURBON COURT

J. W. Thatcher, J. W. Thomson, Preston Morris and Leonard J. Hambrick, four members of the city council of Georgetown, came to Paris Saturday with their attorneys and applied to Judge Stout, of the Circuit Court, for an order compelling the city council to take cognizance of a proceeding against James Dunn, James Fluke and Lewis H. Sublett, three other members of the council, growing out of certain contracts alleged to have been made by the three councilmen with the city of Georgetown, contrary to law.

The suit grows out of a contest between the wet and dry factions of the Democratic party in the council. Four of these are dry Democrats, two wet Democrats and two Republicans.

Judge Stout granted the order and issued a mandamus against Mayor Kluzee Stone requiring him to call the council together and to refuse to allow the three councilmen, Dunn, Fluke and Sublett, to participate in their own trial.

Instead of their being elected as formerly. Accordingly President Harris appointed the following:

Covington—Miss Violet Renaker, of Cynthia.

Frankfort—Mr. Dennis V. Snapp, of Paris.

Lexington—Miss Lillian Boggs, of Nicholasville.

Danville—Miss Lula Arnold, of Wilmore.

Jackson—Miss Grace Harris.

Maysville—Miss Martha Irvine, of Washington.

Shelbyville—Miss Myrtle Smith, of LaGrange.

It is the duty of the District Secretaries to organize new League Chapters, to maintain interest in their district in League work, and to hold annual district meetings.

The principal address Friday morning was given by Rev. Frank Y. Jackson, of Marion, Va., urefaced by an appropriate hymn and a prayer by Rev. Watts. Rev. Jackson preached from the text in Daniel XI, 32. At the conclusion of the sermon Dr. Jackson conducted a consecration service.

"Blest Be the Tie that Binds," was softly sung and prayer was offered by President Harris. After the benediction by Rev. Vaughn the Conference adjourned.

The Paris Epworth League desires to thank the public in general and all who contributed in making the gathering such a splendid success, especially do they extend thanks to Prof. Albert H. Morehead, who willingly offered his services in directing the music and in producing the splendid music which was a result of his careful training. The Morehead quartette, composed of Prof. Morehead, Messrs. Prentice Lancaster, Harry Kerslake and Wallace Clark, was a special feature each evening and added much to the music program.
